

# CAREER DEVELOPMENT

PPG COATINGS SDN BHD WAS FOUNDED IN 1999. AS A DATA ENGINEER, YOU WILL BUILD AND SUPPORT HIGH QUALITY DATA PIPELINES INTO AND OUT OF THE DATA LAKE TO SUPPORT THE REQUIREMENTS AND SPECIFICATIONS OF ANALYTICS USE CASES.

## EXECUTIVE SUMMARY

Overall, the talk briefs us through the daily task of data engineer in PPG, some suggestions of projects to be done and how to improve our portfolio. Besides, i have a clear mindset on what to focus on, related technical skills and qualifications

### ADVANTAGES IN PPG

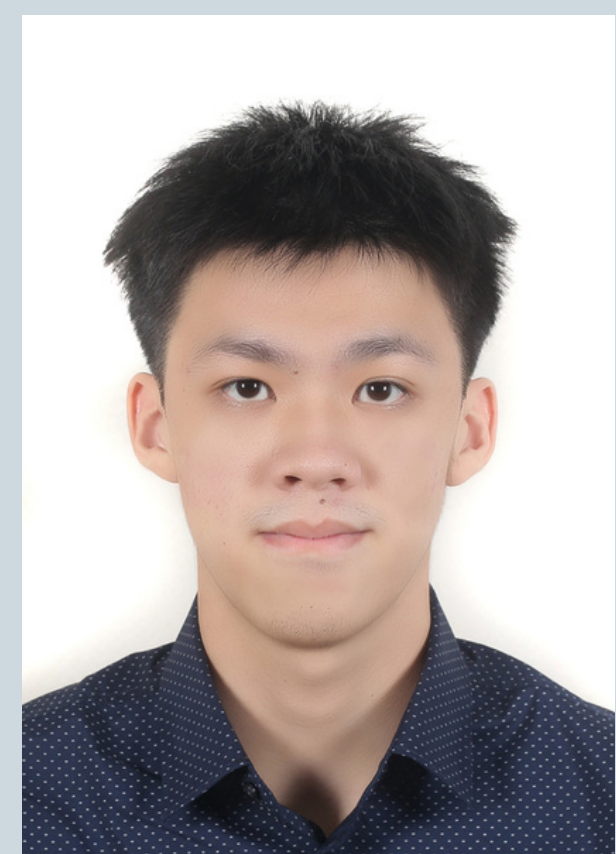

- ✓ CUTTING EDGE CLOUD TECHNOLOGIES
- ✓ LOTS OF OPPORTUNITIES
- ✓ GET TO LEARN PROJECT MANAGEMENT
- ✓ RELIABLE COLLEAGUES

## REFLECTION

From this career talk, i learnt that it is important for us , future data engineers to not only sharpen our technical skills, but other soft skills too., such as communication skills.

For my upcoming degree life, I am motivated to prioritize in my

- Programming skills
- Data Modelling and Visualisation
- Ability to present my thoughts clearly
- A well- built portfolio
